

Fan Forced Exhaust Models:

**Breathe Easy with
Forced Exhaust
Safety**

13 / 16 / 20 LITRES

- **High-Efficiency Heating:** Delivers a steady 13 / 16 / 20 Liters of hot water per minute, making it perfect for homes with multiple bathrooms or higher hot water demand.
- **Powerful Performance:** Features a robust 24/30/36 kW Nominal Heat Input, ensuring rapid heating even during colder months.
- **Touch Operation:** Equipped with a modern Touch Operation panel for easy and precise temperature adjustments.
- **Forced Exhaust Safety:** Uses a fan-driven Forced Exhaust system to safely expel combustion gases outdoors, keeping your indoor air safe and clean.
- **Smart Ignition:** Features Automatic Electrical Ignition, eliminating the need for a pilot light and saving gas.
- **Wide Pressure Range:** Operates smoothly within a water pressure range of 0.2 ~ 8 bar, making it versatile for different water supply systems.
