

FAMILY SIZE APP CONTROLLED SET TEMPERATURE FROM YOUR PHONE

Powerful flow designed for
Gyms, Spas, Large Villas

30 LITRES

- **Massive 30 Liter Capacity:** A powerhouse performance delivering 30 liters of hot water per minute, ideal for large villas, multiple bathrooms, and Jacuzzis.
- **Smart WIFI Control:** Monitor and control your water heater remotely using the iAppliances App. Set temperatures and schedules directly from your smartphone.
- **Intelligent Bathtub Fill Mode:** Features a dedicated "Bathtub" mode that lets you set the exact water volume (liters). The heater automatically stops or alerts you when the bath is full, preventing overflow.
- **Active Antifreeze System:** Equipped with a built-in electric heating device that automatically activates when temperatures drop below 5C to protect the internal pipes from freezing
- **Touch Screen Precision:** A modern digital touch panel allows for precise temperature adjustments between 36C and 60C.
- **Forced Exhaust Safety:** Uses a fan-driven forced exhaust system to safely expel combustion gases outdoors, ensuring safe indoor operation.
