

LOW-NOISE SOIL&WASTE SYSTEM "ELITE" SERIES

Main features of RTP low-noise soil&waste system

- A multi-layer wall structure that reduces noise and absorbs vibrations
- Excellent hydraulic performance.
- Resistant to temperature fluctuations (up to 95°C)
- Resistance to chemical substances
- Secure push-fit rubber connections and corrosion-free components deliver a long lifetime of trouble-free service
- Excellent impact resistance - robust for transport, storage and handling at construction site
- Easy installation
- Preinstalled rubber seals
- Attractive design (white color)
- 100% recyclable
- 10 year warranty

PIPE

Size DN, (mm)	Wall Thickness (mm)	Length, (mm)	pipes / bundle
50	1,8	250	100
50	1,8	500	60
50	1,8	1000	10
50	1,8	2000	10
110	3,4	250	50
110	3,4	500	30
110	3,4	1000	10
110	3,4	1500	10
110	3,4	2000	10
110	3,4	3000	10

ELBOW

Size DN1/DN2/DN3 (mm)	Угол в градусах	Quantity per carton
50	30	150
50	45	150
50	87	120
110	30	50
110	45	50
110	87	40

TEE

Size DN1/DN2(mm)	Угол в градусах	Quantity per bag
50/50	45	50
50/50	87	60
110/50	45	50
110/50	87	60
110/110	45	18
110/110	87	25

COUPLER

Size DN (mm)	Quantity per bag
50	140
110	75

END CAP

Size DN (mm)	Quantity per bag
50	450
110	250

REDUCTION

Size DN (mm)	Quantity per bag
110	100

COMPENSATION PIPE

Size DN (mm)	Quantity per bag
110	30

DOUBLE Y

Size DN1/DN2/DN3 (mm)	Угол в градусах	Quantity per bag
110/50/50	87	35
110/110/50	87	20
110/110/110	45	18
110/110/110	87	18
110/110/110 two-plane cross	87	18
110/110/50 two-plane cross rightая	87	20
110/110/50 two-plane cross leftая	87	20

SEWER CLEANOUT

Size DN (mm)	Quantity per bag
50	70
110	25
